

About us

Developing innovative skin care products for 15 years, Dermatonics is a British brand that has 15 years experience in specialising in high-quality foot care products.

Our unique formulations combine natural ingredients with scientific innovation to provide effective solutions for various skin conditions.

Our range includes Manuka Honey, colloidal oatmeal, urea, peppermint, arnica, chestnut, shea butter, oat lipids, olive oil, and papaya juice.

Dermatonics products are safe and effective, supported by extensive research and testing. Many are listed on the UK Drug Tariff and prescribed by health professionals, including GPs, dermatologists, and nurses.

We are proud of our products and hope you enjoy using them as much as we enjoyed creating them.

THE PRESCRIPTION RANGE

We also provide a specialist range to intensively treat skin conditions which are available on prescription from healthcare professionals, as well as online at www.dermatonics.co.uk.

Once Heel Balm

Our Once Heel Balm is a 'once a day' treatment for callused and hard foot skin. This is widely prescribed for patients with dry feet – particularly in relation to diabetes. It contains 25% urea, which is a natural moisturiser and has proven to successfully remove pre-ulcerative callus in up to 96% of high-risk diabetes patients within 14 days.

Ultraveen Itch Relief

Our Ultraveen Itch Relief Cream protects and hydrates dry skin which is prone to eczema, psoriasis or itchiness. The formula increases hydration, which soothes the skin and reduces the itchy sensation. Perfume free, with 3% Finnish colloidal oatmeal, as well as 5% urea.

Dry Skin Cream

Our Dry Skin Balm has been designed for the treatment of rough, dry and anhidrotic skin, as well as skin which is particularly prone to cracking. It contains 10% urea and is suitable for people with diabetes.

Callus Removing Balm

Our Once Callus Removing Balm delivers a 'once a day' treatment which has been scientifically developed for the removal of callus, hyperkeratosis and plaque. It contains 25% urea and is suitable for people with diabetes.
